Thank You for Making a Difference!

Since 2008, SDYHA has served as the premier outdoor youth mentoring service in the Black Hills. The purpose of SDYHA is to instill in young people a lifelong enthusiasm and respect for the outdoors, hunting, fishing and conservation. Our program focuses on hunter safety, ethics, respect, wildlife conservation, habitat, access and landowner relations. Donations and financial contributions of all sizes are greatly appreciated and help make the SDYHA program 100% free to all participants.

When donating to the SDYHA Wildlife Banquet, we guarantee your money will remain right here in the Black Hills region. We are dedicated to making a difference in the local wildlife habitat, conservation and our SDYHA participants.

SD Youth Hunting Adventures Misson

Provide opportunities for youth to forge a relationship with the outdoors and learn real-life skills.

More than a hunt, its a connection.
